

Survey on students receiving COVID-19 vaccination

To whom it may concern,

The Education Bureau has announced that starting from 30th August 2022 the 'Health Protection Measures for Schools' arrangement will be extended to primary schools. The guidelines have specific requirements for vaccinating students for activity classes that take place outside of the classroom. To ensure that your child can participate in pertinent activities at school, parents are required to declare their child's vaccination records below.

To ensure your child can participate in activity classes outside the classroom, the school must have a comprehensive understanding of the COVID-19 vaccination rate of our students. Parents are requested to provide vaccination details of their child by 22nd September.

For COVID-19 vaccination recommendations for different age groups, please visit the following website:
https://www.covidvaccine.gov.hk/pdf/Poster_recommend_third_dose.pdf

Parents may also visit <https://www.coronavirus.gov.hk/eng/vaccine-pass.html> for the latest vaccination schedule issued by the Department of Health and arrangements for vaccine passes.

Ms. Cheung Lai Wan
Principal

To whom it may concern,

I have read and understood matters regarding the Survey on students receiving COVID-19 vaccination, and I hereby declare my child's COVID-19 vaccination record on 22nd September (Monday) as follows:

(Please ✓ if appropriate)

- A. Have received 3 doses of vaccine OR
Have received 2 doses and recovered from COVID-19 (Have recovery record Department of Health)
- B. Have received 2 doses of BioNTech OR
Have received 1 dose of BioNTech and recovered from COVID-19 (Have recovery record Department of Health)
- C. Have received 2 doses of Sinovac OR
Have received 1 dose of Sinovac and recovered from COVID-19 (Have recovery record Department of Health)
The date of receiving the 3rd dose is on _____(Date)_____(Month)_____(Year)
(*interval period of 90 days is not due yet)
- D. Have received 2 doses of Sinovac OR
Have received 1 dose of Sinovac and recovered from COVID-19 (Have recovery record Department of Health)
The date of receiving the 3rd dose is on _____(Date)_____(Month)_____(Year)
(*interval period of 90 days is overdue, and still not received the 3rd dose)
- E. Have received a dose of each BioNTech or Sinovac
- F. Have booked for the first dose of the COVID-19 vaccine.
- G. Have not received COVID-19 vaccine due to health issue
Exemption: Proof of Medical Exemption Certificate
- H. For other reasons never vaccinated/did not make an appointment to receive the COVID-19 vaccine.

Note: In general, people who have been infected with COVID-19 will require one dosage less than the general public. A second dose of the vaccine can be given to a student one month after recovery if they weren't immunized before their diagnosis. Additionally, individuals who have recovered and had one dose of the vaccine for longer than 14 days prior to contracting the virus will be regarded as having received two doses of the vaccine; but if the diagnosis is confirmed less than 14 days after one dose of vaccine, the vaccination will not be counted.
